FROM THE MINUTES OF
One-hundred-sixth Meeting
United States Intelligence Board
USIB Conference Room, Administration Building
Central Intelligence Agency, at 1430, 5 July 1960

7. Possible Consolidation of
Certain USIB Committees

The members concurred in the suggestion of General Cabell, who was then presiding, that the feasibility of consolidating SIRC and ARC should now be studied. It was agreed that the CIA Coordination Staff, in consultation with the chairmen of these two committees and representatives of interested Board agencies or other elements of the community, as appropriate, would submit possible terms of reference for a consolidated committee for Board consideration at an early date.
